To Whom It May Concern:

This letter is my personal recommendation for Ms Karen Long. I worked closely with Ms Long through three phases of the 2010 Census. I found her to be consistent in achieving assignments timely, accurately and efficiently.

Ms Long is a take-charge person who is able to present creative ideas and communicate the benefits. She regularly conducted multi-day training classes, which included completing new-hire application and tax forms, for as many as 40 Quality Control employees. I observed Ms Long face many changes and challenges, which she adapted to and overcame with great efficiency. Her leadership ability, combined with accuracy and flexibility led to the successful completion of numerous census phases ahead of schedule.

Ultimately, Ms Long was an asset to the "Quality Assurance" phase of the 2010 US Census. Ms Long is a strong leader who inspires and motivates. I highly recommend Ms Long and would consider her a great asset to any organization.

Sincerely,

Bobby A. McNeill
